Verify DG load approval status.

Note that the approval status of your dangerous cargo can be monitored through our website www.one-line.com option ONE eCommerce with your ID and password.

Route:

>> Outbound >> Pre Check >> Special Cargo Status Search >> input BKG No. >> Search.

States.

- 1. No data was found Refers to the fact that DG cargo has not yet been declared
- 2. Requested Indicates that approval has been requested from the ship operator
- 3. Pending Indicates that the shipment is in the approval process.
- 4. Approved Indicates that DG cargo has been approved for shipment.

Note that the system will show a sequence for each ship in case that a shipment is transhipped, you must ensure that all sequences are approved to start the operational process.

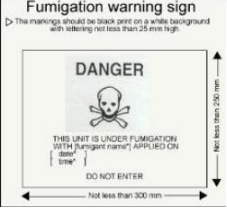

We recommend not sending units to the port before boarding approval.

The screenshot shows the ONE eCommerce website interface. The 'Outbound' menu is expanded, and 'Special Cargo Status Search' is selected. A search box contains the BKG No. 'LIMU00000000'. Below the search box, a table displays the search results:
