## **ONE LATIN AMERICA WELCOMES MAGENTA VESSELS ONE AMAZON AND ONE ORINOCO OPERATING SX1 AND AX3 SERVICES**

In October 2022, 8 countries in the Latin America region will welcome for the first time two of Ocean Network Express (ONE) iconic **magenta vessels**. The ONE Amazon and ONE Orinoco vessels left their initial ports in September and are already crossing the seas en route to the American continent.

**ONE Amazon** left Pusan, South Korea, on the 10th of September and travels along route [\*\*SX1: East Coast South America Express 1\*\*](#). The vessel will dock at the Brazilian ports of Navegantes, Paranaguá, Rio Grande and Santos; at the port of Montevideo, in Uruguay, and at the port of Buenos Aires, Argentina.

The **ONE Orinoco** ship started its journey in Ningbo, China, and is on route [\*\*ALX3: Asia Latin America Express 3\*\*](#). The Latin ports that will receive the ship are: Ensenada, Lazaro Cardenas and Manzanillo in Mexico; Puerto Quetzal, in Guatemala; Rodman, in Panama; Buenaventura, in Colombia and the ports of Callao and Guayaquil, in Ecuador.

The arrival of these vessels reinforces ONE's commitment to innovation, sustainability and excellence in the services provided everyday. Both ships are part of the company's fleet expansion program, dedicated to meeting customer demands efficiently and quickly.

## Magenta and The Pink October campaign

ONE is widely recognized around the world for its **magenta** color, present on ships, containers and in all its visual identity. A strong, unique and unforgettable color.

Similar to pink, the color magenta reinforces in October, the month of the arrival of ships in Latin America, an extremely important theme: the **Pink October** campaign, a global campaign to prevent breast cancer.

A year ago, in October 2021, ONE started the **ONE Pink Ribbon** campaign, which aims to make donations to institutions that work to raise awareness and fight against breast cancer. The value of the donation will be calculated by the annual mileage of the transport of the 100 Pink Ribbon containers of the ONE fleet exclusively dedicated to the action.

## About ONE

Ocean Network Express (ONE) was established on July 7, 2017, by the integration of Kawasaki Kisen Kaisha ("K" LINE), Mitsui O.S.K. Lines (MOL) e Nippon Yusen Kaisha (NYK). ONE is globally headquartered in Singapore, with regional headquarters established in Hong Kong, Singapore, the UK, the US and Brazil. ONE is currently the 7th largest fleet in the world, with approximately 1.51 million TEU. Operating over 205 ships, it offers an agile and reliable international network with over 130 services to 120 countries, and it continues to grow. ONE is a member of THE Alliance (THEA), a global shipping network.
